

San Francisco General Hospital Foundation News

SPRING 2008 VOL. 9 NO. 1

Highlights of the Past Year and Looking Forward to the Future

Almost every week, I have a reason to visit the San Francisco General Hospital and Trauma Center. And each time I do, I walk away feeling very fortunate to be involved with the only San Francisco institution that provides such a valuable service to our city. It also makes me feel safe to know that the Trauma Center is here and ready the moment you or I might need it.

I walk through the halls and see patients who are both vulnerable and reflective of the diversity of our city, receiving top quality healthcare. Also in those halls, clinics, and meeting rooms are hospital administrators and health care providers; each working to resolve health care challenges and find solutions for all. Collectively this dynamic group of men and women are a daily reminder of The General's purpose: to serve those who need it the most and provide the best healthcare possible. The San Francisco General Hospital Foundation's mission is to help ensure that The General is able to meet that commitment.

This past year, San Francisco General Hospital Foundation met its performance benchmarks operationally and financially, and we expect to continue to do so in the years ahead as long as you continue to join us in this effort. Our success is in recognition of the outstanding work that is done every day at The General.

In 2007, we received over \$5 million in awards/grants from Foundations and Corporations for the work being done at the hospital. Some of the highlights were:

- ✓ AVON once again was a major donor to the AVON Breast Center providing over \$1M in support
- ✓ Gordon and Betty Moore Foundation made a special award to fund the 'Data in a Box' program – or the expansion of the server capacity of the hospital – giving over \$2 M in support
- ✓ Salesforce.com Foundation made a \$100,000 unrestricted gift after touring the hospital and learning about the Center for Vulnerable Populations
- ✓ Timbuk2 Designs donated \$20,000 in products to the Women's Breastfeeding Center
- ✓ William Gilmore Foundation awarded a \$15,000 grant to the Acute Care for Elders (ACE) Unit
- ✓ Mount Zion Health Funds awarded \$75,000 to the Cancer Awareness Resources and Education (CARE) Spanish and Cantonese programs
- ✓ Macy's gave \$10,000 to the Mobile Mammography Van

The Macy's gift was part of the nearly half million dollars raised by our Heroes & Hearts luncheon. This annual event provides financial support for The General and the Foundation and heightens the public's awareness of how important The General is to San Francisco and beyond.

I want to encourage each of you to continue to support the San Francisco General Hospital Foundation and allow us to fulfill our mission and ensure that The General continues to be one of the best public hospitals in the country. Unfortunately, The General is facing a number of challenges, including a constrained budget, growing patient base, and a mandate to re-build. These challenges require all of us to help.

Remember The General is an important asset to the City.

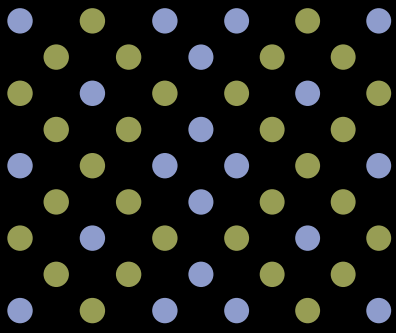

- ✓ Only Trauma Center (Level 1) in San Francisco
- ✓ Only Psychiatric Emergency Services and largest number of acute psychiatric beds
- ✓ Only Psychiatric Rehabilitation Hospital
- ✓ General community hospital and ambulatory care services for San Francisco's underserved
- ✓ Referral Center for the DPH and its affiliated partners and only referring hospital for "Healthy San Francisco"
- ✓ Provides clinical training for the University of California San Francisco Schools of Nursing, Pharmacy, Dentistry, and Medicine as well as 200 clinical nursing placements for students from California State University System, community colleges, private universities and colleges, and
- ✓ \$65 million of UCSF led research is performed at The General every year

I thank you deeply for your support, but I also want to challenge each of us to think about what else we can do to help the San Francisco General Hospital and Trauma Center in 2008. In order for The General to address the challenges placed before it, we must help it obtain the resources needed to maintain current levels of service and the development of new solutions. We can make this happen only with your continued support.

Yours truly,

Judy Guggenheimer, President
San Francisco General Hospital Foundation

Benefiting
the Dorothy Washington
Nursing Educational Fund

The Westin San Francisco
50 Third Street

6:00pm
Reception

7:30pm
Dinner & Awards Presentation

The Dorothy Washington
Nursing Scholarship
Fund is named in memory
of Dorothy George
Washington, night shift
Nursing Supervisor at

San Francisco General Hospital for
22 years, and hospital employee for
35 years. Ms. Washington's nursing
leadership, coupled with her kindness
and generosity, touched the lives of the
patients and nurses she worked with.
She valued the importance of nursing
education, mentoring nurses in the
pursuit of professional growth while
modeling her own clinical expertise and
personal strengths. Through the shock
of losing Dorothy, the SFGH community
came to realize the significance of her
life's work and chose to acknowledge
exemplary nursing leaders through a
scholarship fund. The fund will support
SFGH nurses in their baccalaureate and
graduate nursing education.

Lynn Jimenez, Author

Este libro ofrece en dos idiomas: inglés y español y de manera sencilla y clara, la información necesaria para la supervivencia y el éxito financiero.

¿Se Habla Dinero? Guía al lector a través de las nociones fundamentales de economía personal y administración del dinero. Explica cómo abrir y usar cuentas bancarias, cómo establecer y administrar crédito, cómo ahorrar y tomar prestado dinero para la educación y cómo manejar técnicas de inversión básicas. Esta guía bilingüe hace que algunos aspectos intimidatorios resulten fáciles y proporciona a sus lectores la confianza que necesitan para seguir adelante.

La población hispana hoy en día está alcanzando rápidamente la clase media de esta nación. ¿Se Habla Dinero? Es una herramienta importante que ayudará a sus lectores a subir la escala del éxito financiero.

Lynn Jimenez de San Francisco, California, es una reportera de negocios galardonada que trabaja para la estación de Radio 810 KGO. También ha transmitido reportajes breves de negocios desde el piso de opciones de la Bolsa de Nueva York en San Francisco por diez y siete años.🌿

Getting ahead financially in the United States is a difficult task, and it is even more daunting for someone who comes from a different culture.

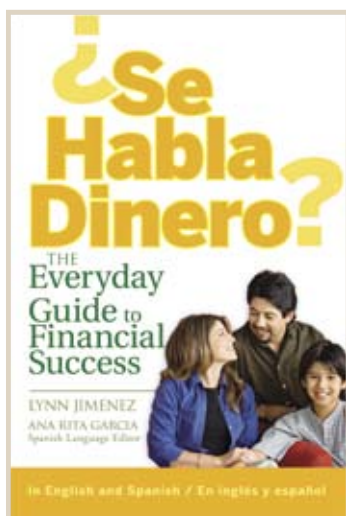

That's why author and SFGH Foundation Board Member Lynn Jimenez has created *¿Se Habla Dinero?: The Everyday Guide to Financial Success*. This book offers information needed for financial survival and success, simply and clearly, in both English and Spanish.

¿Se Habla Dinero? walks readers through the fundamentals of personal finance and money management and explains how to open and use bank accounts; establish and manage credit; save and borrow money for education; and master basic investing techniques. This bilingual guide makes intimidating topics

easy and gives readers the confidence they need to move forward.

Hispanics are moving into this nation's middle class at a rapid pace. ¿Se Habla Dinero? will be an important tool to help them climb the ladder of financial success.

Lynn Jimenez is an award-winning business reporter For KGO Radio 810. She has delivered fast-paced business reports from the options floor of the New York Stock Exchange for 17 years.

Donor Spotlight

“I have been a caregiver for forty years, almost twenty of those years have been at San Francisco General Hospital. Working here has many rewards. Most often I am rewarded by my interactions with my patients, but a very large portion of the reason I work here is to be in the presence of amazing caregivers, and to be involved in the forward thinking programs sponsored by SFGH that work toward improving the lives of our patients, their families and our community.

Over the past several years I have been most proud, as an oncology nurse, to have witnessed the profoundly positive effect that the CARE Program (Cancer Awareness Resources and Education), under the leadership of Blue Walcer has had on the lives of our patients with cancer and their families. This program meets and exceeds its mission statement daily. It changes lives, and I think that is in the top rank of innovative programs nationally.

I am very honored to make this donation along with a monthly pledge in order to help continue the CARE program at SFGH.🌿”

—Theodore Bush, RN, OCN
UCSF Hematology Oncology at SFGH
